

KASPERSKY IS RECOGNIZED BY FROST & SULLIVAN AS A

2026 PRODUCT LEADER

Identified as a leader in best practices within the Asia-Pacific converged IT and OT security industry. This distinction recognizes the market participant that exemplifies visionary innovation, market-leading performance, and unmatched customer care.

OT-FIRST DESIGN

Purpose-built for industrial environments, Kaspersky unifies IT and OT security while safeguarding operational continuity.

UNIFIED PROTECTION

A single AI-powered platform delivers end-to-end visibility, faster threat detection, and seamless IT/OT convergence.

INDUSTRIAL RESILIENCE

Combining deep threat intelligence, automation, and OT-native security to keep critical infrastructure secure and operational.
